EUROPEAN UNION

What are the ingredients we need for the climate action?

**European Green Deal
(climate neutrality by
2050)**

**EU's emissions
reductions mid-term
targets: -55% by 2030
(compared to 1990)**

**Legislations &
policies**

**Climate action by
European citizens**

Funding

... this is where 'the race to
climate neutrality will be won
or lost'

96%
of Europeans

have taken at least **one action**
to tackle climate change.

93%

What we want to achieve?

More people talking about and making climate-conscious decisions in their everyday actions (eating, moving, working, socialising, etc.)

People finding it easier to engage in climate action and accessing new ways and tools for existing action to be connected, amplified and supported

Communities and ecosystems are supported, activated and motivated in climate action

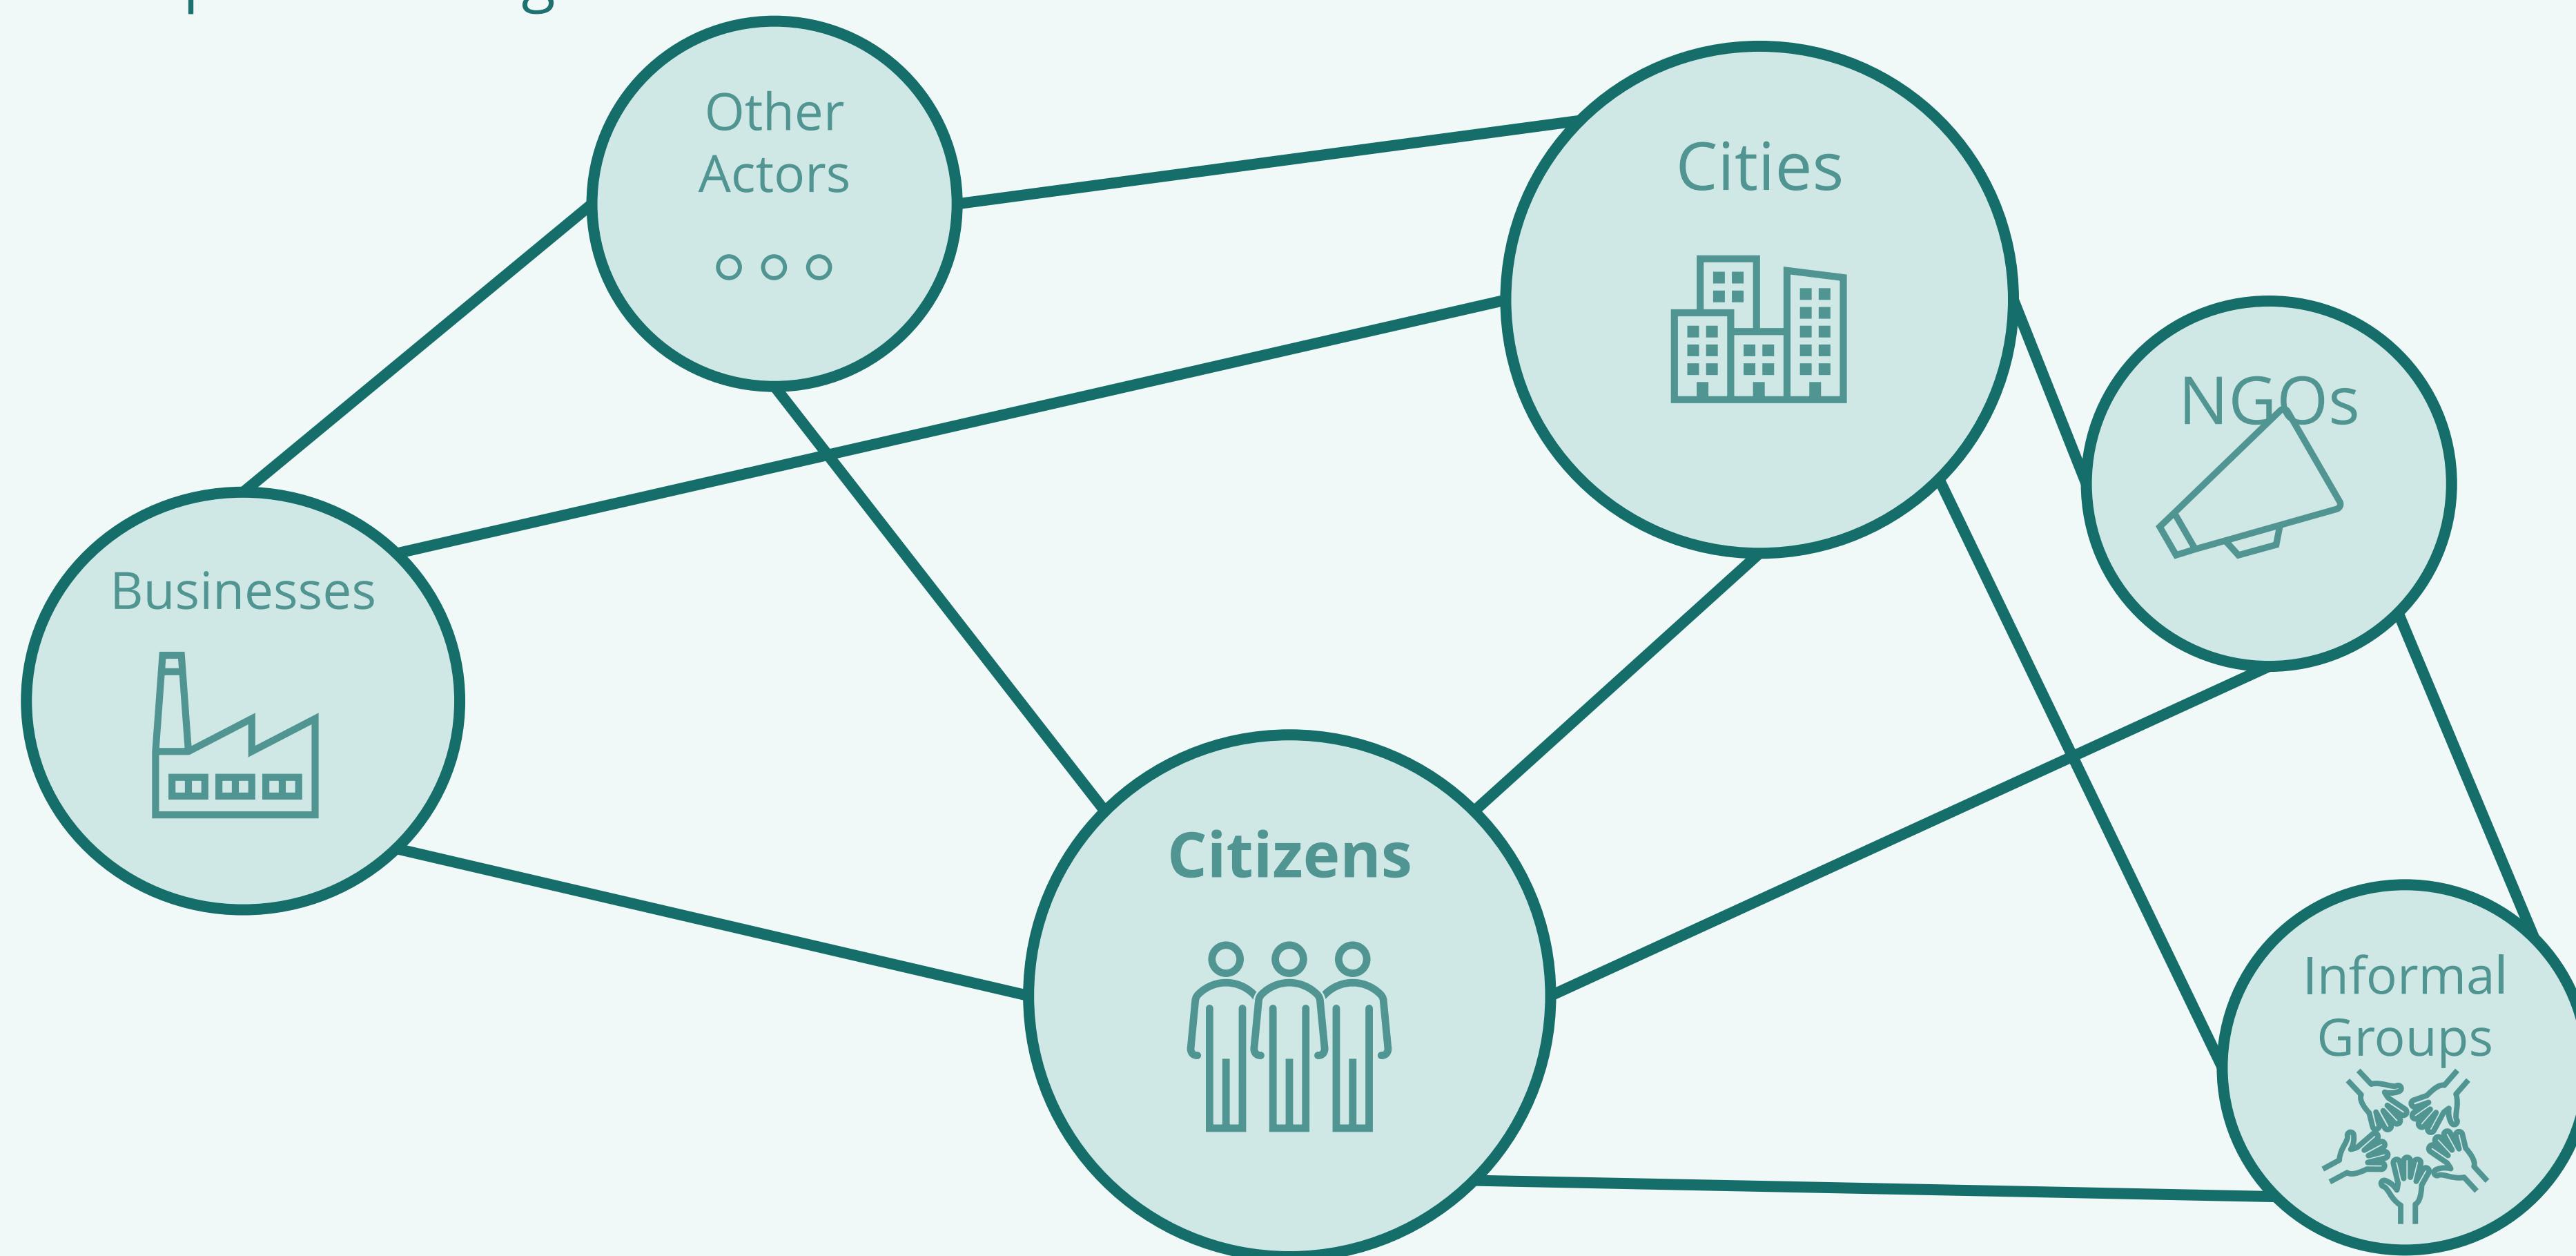

Public support for climate action grows, enabling policymakers mandate to act

Welcome

My world. My action. Our planet

With the COP26 climate summit just around the corner, climate change is high up on the global political agenda. But beyond the commitments that will be made by world leaders at the conference, action taken by individuals,

**Every action counts,
no action is too small!
Thank you for your
contributions!**
