## 2020 highlights

### Ecodesign - Raw Materials

The path to the transition to the Circular Economy is based on the efficient consumption of resources and the sustainable supply of raw materials. The aim is to close cycles along the entire product value chain, from the design of products and production processes; at Ecomondo, innovative technologies and new business models.

### Bionergy: from biomass to biogas and biomethane

The systems and technologies capable of integrating the new production of renewable gas into the network and the market are on display. New technologies, solutions, regulatory insights on the development of the biogas/biomethane sector; especially for the agricultural sector through the conversion of biomass into finished industrial products, raw materials, energy or fuels.

### Integrated Water Cycle

The section dedicated to all stages of the integrated water cycle supply chain, from collection to its return to the environment or industrial re-use.

Focus on Water promotes networking between professionals of the industry, national and international utilities and technology manufacturers

## The Exhibition Centre

Ecomondo takes place in the modern **Rimini Exhibition Centre**, built for **low environmental impact**, with extensive green areas, photovoltaic plants, predominantly natural lighting and LED floodlights and fountains featuring water recycling.

**Aesthetic appeal, business and comfort** have always been at the heart of the offering from Rimini Exhibition Centre.

**Easy to reach:** the Exhibition Centre is 120 km from **Bologna international airport** and has an **internal railway station**.

## Who we are

**Italian Exhibition Group (IEG)**, listed on the Milan Stock Exchange organized and managed by Borsa Italiana S.p.A. (Italy's stock exchange), is the **Italian leader** in the organization of proprietary trade expos and one of the main players in Europe in the expo and conference sector, with its venues in **Rimini and Vicenza**.

The IEG Group stands out for the organization of events in five categories: *Food & Beverage; Jewellery & Fashion; Tourism, Hospitality & Lifestyle; Wellness, Sports and Leisure; Green & Technology.*

In recent years, IEG has launched an important process of foreign expansion in the **United States, Brasil, Arab Emirates and China**.

In 2018, IEG held an overall total of **53 exhibitions** and **181 conferences events**.
